

THE TEST OF MERIT

Barre People Are Given Convincing Proof.

No better test of any article can be made than the test of time, and this is particularly true of a kidney medicine. Doan's Kidney Pills have stood this test and stood it well. What better proof of the merits of this remedy could you demand, than the statement of a Barre resident who has been cured and has stayed cured?

Read the following:
Mrs. Annie Glibb, 31 Brooklyn street, Barre, Vt., says: "I am just as strong in my prime as Doan's Kidney Pills to-day as when I publicly recommended them several years ago. They cured me at that time and I am glad to say they have been no return of my old trouble. For over a year I had much of the back ache, it being the result of disordered kidneys. If I brought any strain on the muscles of my back, sharp pains seized me, and I also suffered at times from headaches and dizzy spells. When I overworked or caught cold, my suffering was always more intense."
I had almost Doan's Kidney Pills and was willing to try them, procured a box at E. A. Brown's drug store. Before I had finished the contents, the pains in my back were relieved and I felt better in every way. I have the best reasons for speaking in favor of Doan's Kidney Pills and I am perfectly willing to recommend them to all who are afflicted with kidney troubles.

Saved a Soldier's Life.

Facing death from shot and shell in the Civil war was more agreeable to J. A. Stoue of Kamp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 pounds." For coughs, colds, in grippes, asthma, hemorrhage, hoarseness, croup, whooping cough, and lung trouble, it's supreme. 50c, \$1.00. Trial bottle free. Guaranteed by the Red Cross Pharmacy.

M. E. Bemis, who has recently gone to Phoenix, Arizona, writes as follows of the climate, products, etc.: "Located in nearly the center of Salt river valley, quite a variety of soils, but all exceedingly fertile and some that are second to none in the world. No crops are grown without irrigation. The Rosewater dam, which will soon be completed, insures plenty of water. Alfalfa is the principal crop, although grains and most fruits do well. Land is high, from \$75 to \$200 per acre, but as an acre of alfalfa produces five to six tons of hay in a season, besides winter pasture, and sells for \$10 to \$15 per ton, the crop soon pays for the land. Dairying is quite an industry; there are also many beef cattle, sheep and hogs raised here. All farm products are high: Hay \$17 per ton, barley \$1 per bushel, butter 45c per pound, eggs 30c per dozen, and corn 80c each, hired help \$20 per month. Where Surgery Fails

Cutting Won't Remove the Cause of Piles.

Piles mean more than merely the pain of the stubborn little tumors. There is a condition inside that must be dealt with. Cutting is usually followed with later and worse attacks. A permanent cure can only be made by bettering the condition of the parts and getting a free circulation of the blood.

Hem-Roid cures all kinds of piles by internal action right on the cause. Sold by Bart H. Wells, Barre, Vt., and money back if it fails. \$1 per bottle. Dr. Lombard, Station 11, Buffalo, N. Y.

We have just seen a letter from the entertainer, Edwin R. Weeks, who gave our citizens so much pleasure a short time since. He expects great pleasure at the warm reception his company had here. We are authorized by the publisher of the Barre Times to say that The Times' rule is to charge three cents a line for all notices of entertainments given to make money, when given by some church or order. Dance notices are five cents a line. These rates also apply to notices running more than one time, even if there is no money involved.

Will Davenport left for his home in New Bedford, Mass., Monday. He is a son of the late Thomas Davenport, a man of great inventive genius, and to whom some, we think, would award the honor of being the first inventor of the electric telegraph. It is the manufacture of machinery of his own invention that now engages Will Davenport's time and attention.

A delightful time is reported of the meeting of the Barre Home Study club at the home of Mr. and Mrs. Knapp E. Walker, last Saturday afternoon. In addition to the program that we recently noticed in these columns was a talk by Mrs. Walker's brother, Will, son of the late Mr. and Mrs. Rine Davenport, who chanced to be there, on his trips in Europe and a feast of many songs on song, with the usual accompaniments.

Mrs. John McDonald of Barre City, whose husband was for years the granite partner of the late lamented Alex. Duchan, has long been a very highly esteemed friend of Mrs. George C. Earle of our village, now so much of an invalid. One afternoon last week, Mrs. McDonald came out here for a little visit with Mrs. Earle and brought a flood of sunshine to Mrs. Earle that yet lights up her face when she speaks of the delightful call.

"It's good to know of such a friendship that the years, with all their vicissitudes, fail to dim a jot or a little."

Robert Carr, who died at Orange Center, some 17 years ago, was a brother of our extemporist, Levi D. Carr, now of Gardner, Mass. The wife of Robert Carr was Mrs. Louise Lamy Carr, a sister of our late townsman, Charles Lawrence, and so an aunt of Mrs. Hiram S. Drury.

After the death of Robert Carr, his widow and two daughters went from Orange to Lyme, N. H., to live. Mrs. Drury has just learned of the death of one of these daughters, Miss Fannie, who was on a visit at her uncle's home in Gardner, Mass. She had been a teacher for years, was some 35 years of age, was a very fine woman and a "right arm" for her widowed mother. Her death was caused by acute Bright's disease.

Great successes in the repertoire field are now and far between, and in fact the recognized attractions of this cast can be counted on the fingers of one hand. Among the foremost and perhaps the one that has gained the greatest triumphs is the Klark-Urban company, which is now in its tenth year of remarkable success. The engagement of this company at the Barre opera house for four nights and Saturday matinee means a series of productions at 10, 20 and 30 cents, which equal the original productions. The claim is of greater worth than appears on the surface when it is taken into consideration that among the bills for the week are such great plays as "At Play in Rome," "The Belle of Richmond," "Way Out West" and "The White Cape."

Each of these are famous for its scenic possibilities as well as for its remarkable dramatic construction and powerful and stirring climaxes. The company is headed by Miss Mabel Cecil

and Hadden Klark and supported by a company of unusual merit. The great comedy drama "At Play in Rome" will be the opening bill Wednesday evening with all special scenery and electrical effects. Seats on sale at Kennedy's. Ladies' tickets, 15 cents. Wednesday evening, limited to 250 if bought at advance sale before 6 p. m. Wednesday.

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin, below the epidermis, where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the only standard liquid eczema cure, all of wintergreen, thymol, glycerine, etc., as compounded in D. D. D. Prescription.

After ten years of cure after cure, we advise you do not hesitate to recommend D. D. D. Prescription at \$1.00 a bottle. But for the benefit of those who have never tried the prescription, we arranged with the D. D. D. Laboratories of Chicago for a special large trial bottle at 25 cents on a special offer now. This 25-cent bottle ought to convince every sufferer and perhaps it will effect a complete cure (as it has in some cases) at any rate, it will surely take away the itch at once.
